11 How ITAL Works

12 Closing

Complete Visibility. Total Control. Maximum ROI.

Transforming Mobile Assets
into Business Value Across
Your Global Fleet

COMPLETE
VISIBILITY

TOTAL
CONTROL

ENHANCED
COMPLIANCE

OPTIMIZED
OPERATIONS

MAXIMUM
ROI

Smarter Assets.
Stronger Business.

2 | THE BUSINESS CHALLENGE

Complex Operations. Limited Visibility.

Distributed Across the Fleet

Thousands of devices across ships, regions and time zones.

Rotating Contract Crew

High crew turnover makes accountability difficult.

Unknown Device Location

Hard to identify who has a device and where it is.

Limited App Visibility

Unclear what business apps are installed or being used.

Manual & Time Consuming

Inventory and audits require significant manual effort.

3 | WHY ASSET VISIBILITY MATTERS

Every Device Powers Critical Operations

Supports mission-critical applications
across all shipboard operations

Enables crew productivity and
guest experiences

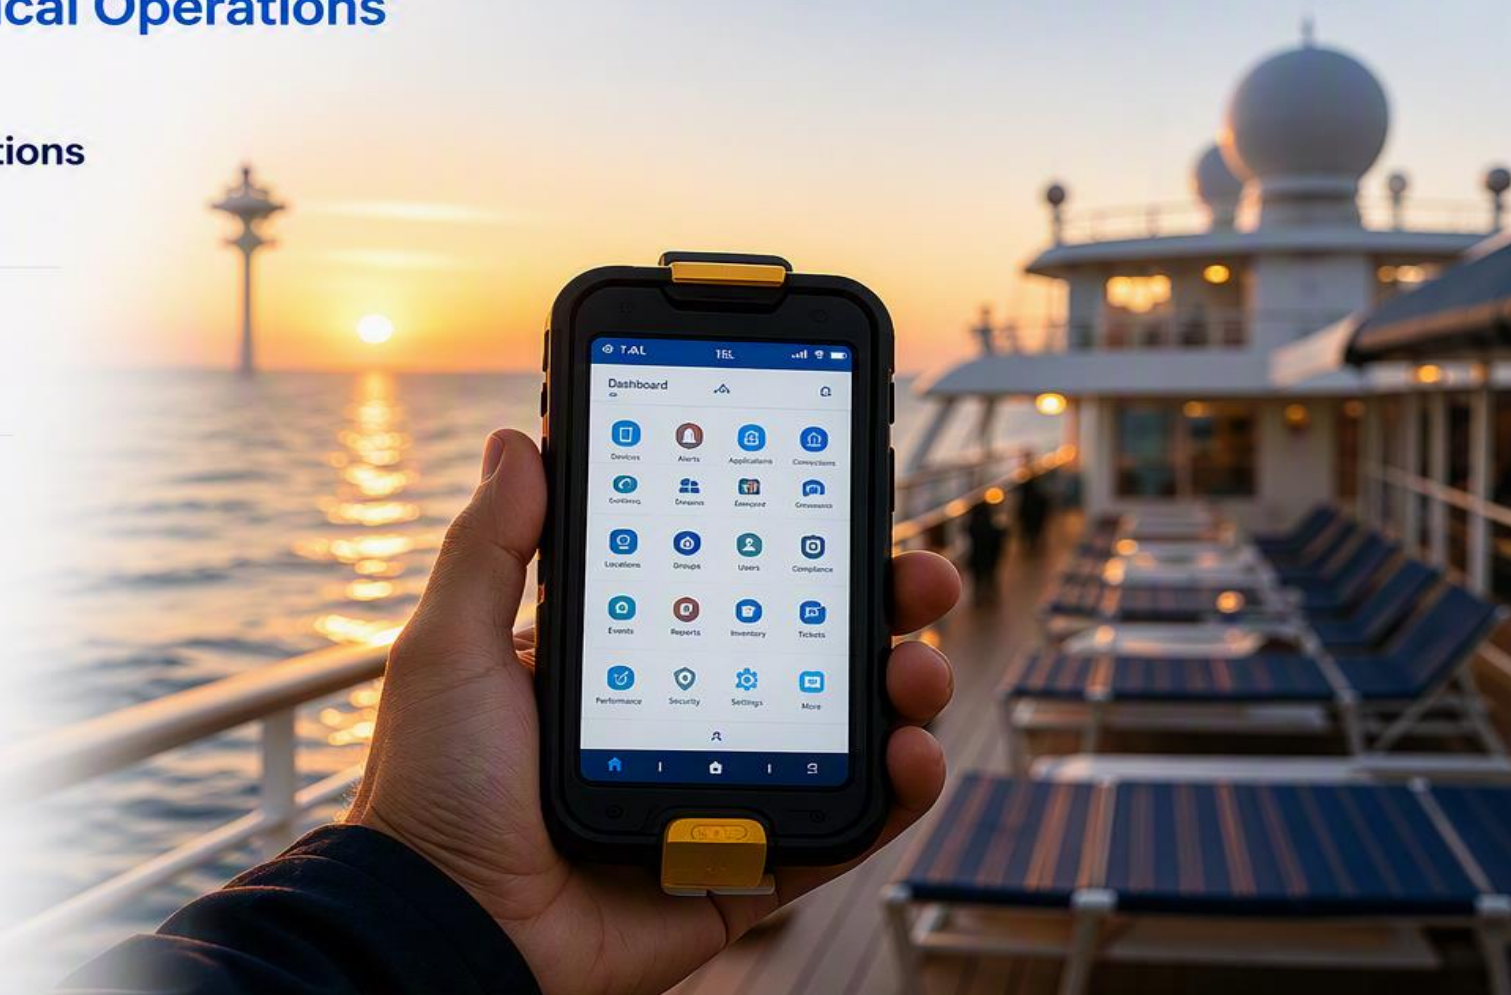

Protects sensitive business and
passenger data

Ensures safety, compliance
and operational continuity

Maximizes the return on your
technology investments

4 | INTRODUCING ITAL

A Single Source of Truth for Your Mobile Assets

Track

Every device, every ship, every time

Assign

Know who has the device and assignment history

Monitor

Business application visibility and usage insights

Protect

Strengthen security and reduce risk

Report

Real-time dashboards and audit-ready reports

5 | KEY CAPABILITIES

Visibility. Accountability. Intelligence.

Device Inventory

- Serial Number
- IMEI
- Ship Assignment
- Status & Location

User Accountability

- Assigned Crew
- Role/Department
- Assignment History
- Check-in / Check-out

Application Visibility

- Installed Apps
- Approved vs. Unauthorized
- App Usage Insights

Health & Compliance

- OS Version
- Security Policies
- Encryption Status
- Compliance Status

Reporting & Alerts

- Dashboards
- Audit Reports
- Alerts & Notifications
- Exception Management

Visibility is the foundation for security, efficiency and ROI.

6 OPERATIONAL BENEFITS

Improving Efficiency Across the Fleet

Locate and identify devices in seconds

Real-time visibility across every ship and location.

Reduce time spent on manual inventory

Automate tracking and eliminate manual effort.

Faster troubleshooting and support

Remote insights help resolve issues quickly.

Improve crew productivity

Empower crew with reliable, easy-to-use tools.

Standardize processes across all ships

Ensure consistency, compliance and best practices.

Better collaboration between ship and shore

Share insights and act faster, together.

STRONGER SECURITY

Reduce risk and protect assets

HIGHER EFFICIENCY

Streamline operations across the fleet

LOWER COSTS

Optimize resources and reduce waste

BETTER PERFORMANCE

Improve outcomes and drive ROI

ITAL
IT ASSET LOOKUP

One Platform. One View. Complete Control Across the Fleet.

7 | SECURITY & COMPLIANCE VALUE

Protecting Data. Staying Compliant.

Know who is using each device
and what apps are running

Detect unauthorized or
risky applications

Enforce security policies
and configuration standards

Maintain a complete audit trail
across the fleet

Generate audit-ready reports
on demand

Stronger security posture. Lower risk. Audit readiness.

ITAL
IT ASSET LOOKUP

Actionable insights to drive better decisions and outcomes.

8 | ROI AT A GLANCE

Turning Visibility into Measurable Value.

Reduce Device Loss
& Replacement Costs

-25%

Reduce Inventory
& Manual Effort

-50%

Increase Asset
Utilization

+15%

Reduce Security
Risk

-40%

Improve Audit
Readiness

+80%

Improve Operational
Efficiency

+30%

Typical improvement range with ITAL implementation

Lower cost. Lower risk. **Higher value.**

ITAL
IT ASSET LOOKUP

Less effort. Faster results. Smoother operations.

9

SAMPLE ROI MODEL (5,000+ DEVICES)

Annual Business Impact

Reduce Device Loss (2% recovery) **\$750,000**

Reduce Manual Inventory Effort (50%) **\$450,000**

Increase Asset Utilization (15%) **\$600,000**

Reduce Security & Compliance Risk **\$300,000**

Faster Audit & Reporting (80%) **\$200,000**

Operational Efficiency Gains (30%) **\$400,000**

Based on a fleet of 5,000+ devices across multiple vessels.
Actual results may vary based on fleet size and operational profile.

ESTIMATED ANNUAL VALUE

\$2.7M+

Return on Investment

Significant savings. Strong ROI.
Year after year.

10

STRATEGIC BUSINESS VALUE

More Than Technology. A Competitive Advantage.

Make data-driven decisions
with real-time visibility

Optimise technology investments
and budgets

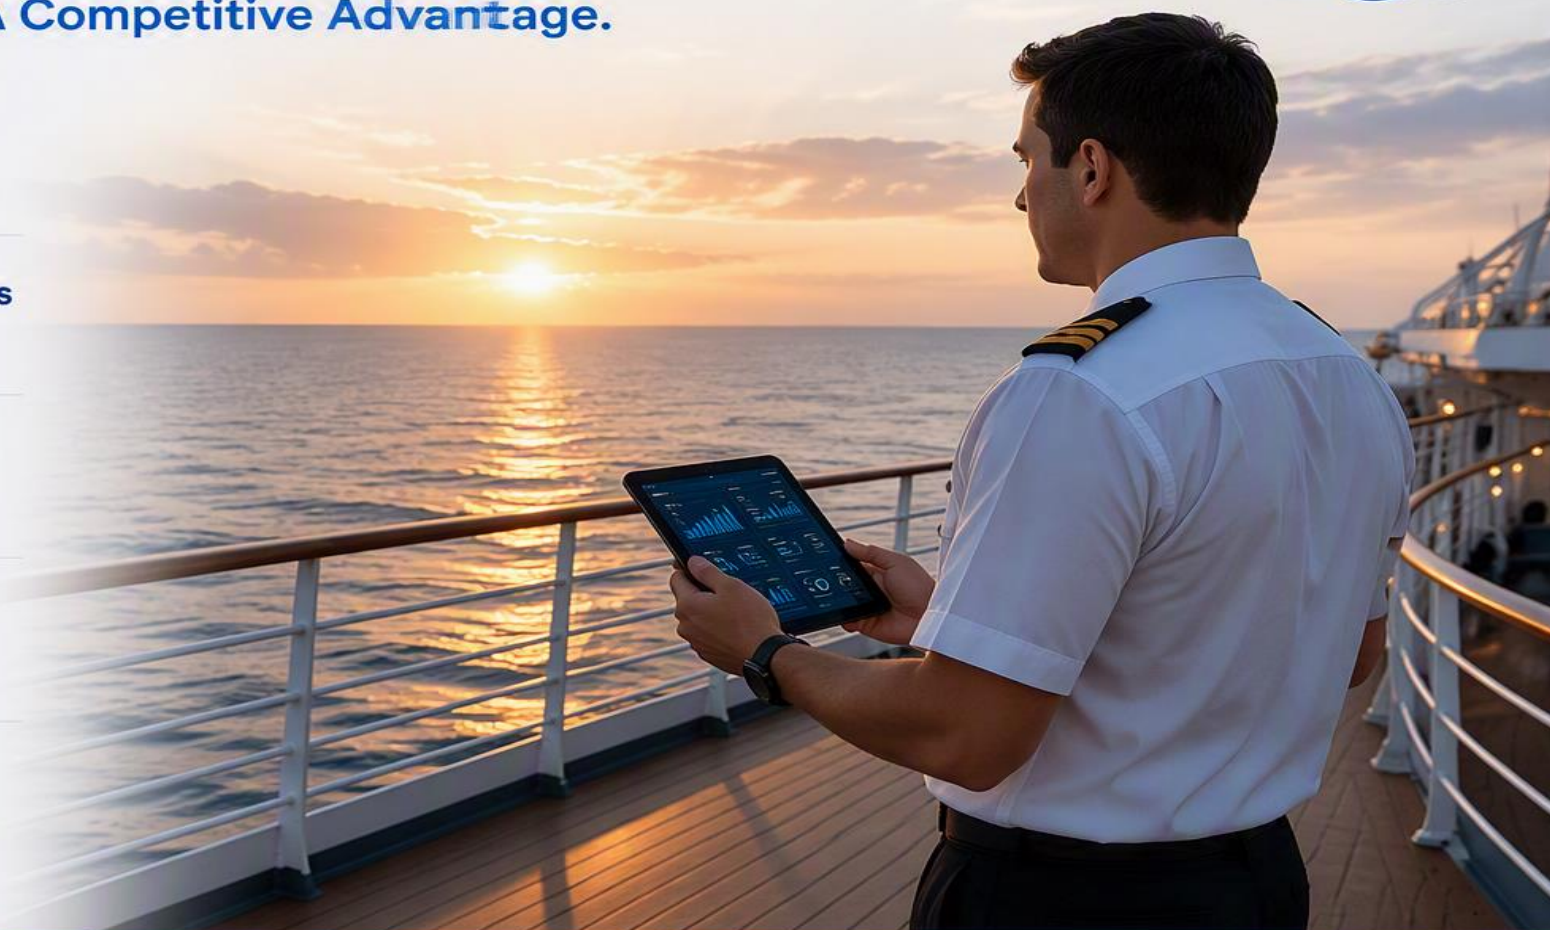

Ensure operational continuity
across the fleet

Enhance passenger and crew
experience

Build a future-ready digital
operations foundation

Empowering your fleet.
Enabling **your people**. Elevating **your performance**.

ITAL
IT ASSET LOOKUP

One Platform. Complete Control. Total Visibility.

11 | HOW ITAL WORKS

Simple. Secure. Connected.

End-to-end visibility across every ship,
every device, every user.

ITAL
IT ASSET LOOKUP

12 | CLOSING

Your Investment. Our Commitment. Your Advantage.

ITAL ensures every Mobile device delivers the value it was meant to deliver.

Complete Visibility

Know every device.
Anytime, anywhere.

Stronger Security

Protect your data.
Reduce your risks.

Operational Excellence

Streamline processes.
Improve efficiency.

Lower Costs

Reduce waste.
Optimize spend.

Higher ROI

Drive better outcomes.
Maximize value.

One Fleet. One View. Complete Control. Maximum Value.
